PAVING PROJECT ON ROUTE 395

San Bernardino County – Caltrans will begin a paving project on US Route 395 (US-395) from Joshua Street to State Route 18 (SR-18/Palmdale Rd.) starting on Monday, October 23. The project will overlay deteriorated pavement and result in a smoother ride for motorists. Lane closures will be necessary for the work and will take place intermittently Monday through Friday from 8:00 a.m. to 5:00 p.m.

Reversible traffic control, or flagging, will be used to move traffic through the work zone. At least one lane will be available to motorists during the work hours. Delays of up to thirty minutes may be expected. If possible, use SR-18 (Palmdale Rd.) as a detour to Interstate 15 (I-15).

The project is expected to be complete by the end of November 2006, weather permitting. Caltrans is here so you can get there...for more information on state highway roadwork, please go to our website at **caltrans8.info**.
